GPEN MATERIAL

September 2022: What defines your Character as a Christian?

The Christian Character is defined not only in many passages of the bible, for example in Hebrews 11:6, Matthew 23:27-28 or 1 Thessalonians 4:1, but also by Christian people themselves, and other people who have a perception of a “true” Christian. In September we want to explore the question: What defines your Character as a Christian?

Inform (as a group)

- Look at the Christian Character Trait List that we sent you. Which of the traits do you find necessary? Which ones do you think are not needed to be a Christian? What is missing for you?

Reflection (on your own first, then as a group)

- Ask yourself: What defines your personal Character as a Christian? Where do you see yourself in the traits on the list? Which traits do you possess that are missing?

Share (with your partner School)

- Share your experiences in the fields of Inform and Reflection.
- Design a Christian person together with your partner School(s) – What traits does this person have? What traits should they try to avoid? Are they allowed to make mistakes?
