

YAOUNDE DECLARATION ON PEACE IN SCHOOLS

We, pupils of the EEC primary schools of Deïdo/Douala and Mballa V/Yaoundé, meeting on 28 and 29 May 2021 in Yaoundé within the framework of the partnership between our two schools, following the workshop discussions on the theme **"Peace in the school environment"**,

Noticed:

- A lot of violence in schools such as:
Fights, disputes, quarrels, use of whips, torture, stealing, grudge, insults, brutal games, mistreatment, unnecessary risks...
- Bad behaviour such as :
Disobedience, lies telling, lateness, cheating, disrespect, disorder, dirtiness, noise making, absences, bullying, interrupting speech, juvenile delinquency...

In order to succeed, we want:

To concentrate on our studies, learn, read and have a good handwriting, understand well Mathematics, Science & Technology, French and English...

We value and encourage:

Dialogue, harmony, solidarity, living together, friendship, respect for classmates, teachers and parents, mutual understanding, discipline, tolerance between learners and teachers, practical and active exercises, concentration, sharing, perseverance, patience, praying every day with classmates.

To this end, we wish:

That there is more harmony between learners and teachers, development of partnerships, group work, learning through games, honesty, consideration of our opinions and free expression and

That the government strengthen teacher training.
